We have secured the services of **Dr David Hibberd** for a bespoke tour of his favourite treasures at the Victoria & Albert Museum. The visit will consist of a morning and afternoon session of approximately one hour each.

David has been an official guide at the V&A for over twenty years. He has a scientific background with a special interest in the materials and design techniques of objects and works of art in the collections.

Please note that the morning and afternoon sessions of this visit will involve a fair amount of walking between objects in different galleries, sometimes using stairs for the shortest route.
